MOTION

We move that City Council pass the Homeless Services Ordinance introduced on October 8, 2008. The ordinance mandates the Cincinnati/Hamilton County Continuum of Care for the Homeless to develop a new plan for helping homeless single individuals move from homelessness to homes. The plan must ensure that single homeless men and women will have access to safe, appropriate shelter facilities that provide the comprehensive services necessary for them to obtain and maintain housing. The plan should result in a national model that guarantees the highest standards of care for the homeless and includes case management, medical, mental health and recovery services.
